Explanation of significant increases in the budget:

The City of Rock Valley's increase in revenue has occurred because of the increase in property assessments and a significant annexation. The increase in revenue is deceiving since the City must issue partial rebates to the annexed properties, which was negotiated during the annexation process. Over the past five years the City's tax levy has remained stable, in 2015 the levy was 13.59810, in 2016 it was 13.59811, in 2017 it was 13.48100, in 2018 it was 13.48099, in 2019 it was 13.48084 and the proposed levy for 2020 is 13.48084. If you have any questions regarding the City budget or tax levy please contact the City Office.
